Bonaldo Blabla, Blabla mirror Designer: Marconato and Zappa

The Blabla collection consists of two different functional units, a bookcase panel and a mirror panel, which when paired together create a system of elements that can be individually positioned or combined in an elegant composition. The distinguishing feature of the Blabla bookcase and mirror is the rounded profile of the shelves and side support panel, as well as the

interruption and discontinuity of the shelves. The Blabla collection consists of a thick Canaletto walnut panel, contrasting with slender metal shelves; the bookcase is wall-hung or floor-standing and comes with shelves of various lengths.
